

TWIN CALAMITIES.

Chicago Record.—There is a temporary interruption in train wrecking, but the foot-ball season is advancing steadily.

BOASTED POLITICIANS.

Philadelphia Press.—"Peanut" politicians are so called because they have to be "roasted" before they amount to anything.

A PURE TRINITY.

Chicago Inter Ocean.—If the Democratic party can stand the Altgeld, the Van Allen and the Maynard disgrace and come up smiling, it can stand anything.

GOVERNOR FLOWER TO GOVERNOR MATTHEWS.

Boston Herald.—The Governor of New York says to the Governor of Indiana that it must be a long time between prize-fights.

PARIS FASHIONS.

Chicago Record.—Latest Parisian styles for men indicate dark circles around the eyes, a light gray pallor and moist tongue around the head. Rich and heavy furs will be worn on the tongue.

WAITING PATRIOTS.

St. Louis Post Dispatch.—To the patriot waiting for an office the long delay in the Senate has been peculiarly exasperating. In his opinion not only the business of the country, but its entire Government has been stopped.

DIVIDING AFFECTIONS.

Kansas City Journal.—Many Leases may not be strictly persona grata to Iowa, but Iowa should remember that Kansas must have some rest. Somebody has got to divide time with Kansas.

A PATIENT PEOPLE.

Kansas City Star.—The achievement of the United States Senate since the meeting of the extra session of Congress has been to prove that the people of the United States are the most patient and forbearing people on the face of the earth.

WHERE DEMOCRATIC "REFORM" STOPS.

New York Advertiser.—That proposition in Congress to abolish the drawing card system for doing business in all the ports of the Union will test the Democratic reform pledges severely. Our information is that the Democratic party has never yet stopped an official salary when a Democrat had a chance to draw it.

WHY THEY PERSECUTE.

Boston Transcript.—All this ugliness and dilapidation on the part of the silver men in the Senate springs from their consciousness that on a vote their defeat is inevitable. They labor hard to disguise their fear of a vote, but it is with them all the time. In the debate Monday, when Senator Dolph accused them of talking against the silver, only Peffer and Teller had the courage to say that they were fighting for delay. Delay may not save them, but it keeps their side alive.

WHY SHINK THE RESPONSIBILITY?

New York Press.—In a speech delivered in the Senate October 17th Senator Sherman very truly said that in time past, when the Republicans were in majority and Democrats in minority, the Republicans never shrank from responsibility. The history of the past few years shows this statement to be true. Why, then, should Senator Sherman now shrink from what he and nearly every other Republican must know is the necessity of the hour, namely the issue of bonds to protect the gold reserve and maintain the credit of the Nation?

Without this decided and vigorous action the passage of the Repeal bill will, to a large extent, be abortive and fall to the ground. It is time to introduce and pass such a needed and righteous measure. If it does, the finances of the Nation will simply drag along again on Democratic promises to do something. If, as Senator Sherman said in his speech yesterday in the Senate, the Republicans are assuming the responsibility of passing the repeal legislation, and not the Democrats, why not inject into the bill now pending Republican courage and decision, and deal with it effectively? The promise of some suitable provision in the shape of a separate act is too indefinite and too far in the future to give the needed relief to the country. The issue of \$200,000,000 of 3 per cent bonds now will do more to restore confidence and help the whole business interests of the country than repeal and Democratic promises which never will be fulfilled.

THE BEST PAIN.—Dampen a piece of flannel with Chamberlain's Pain Balm and rub it on the part affected. It is better than any plaster. When the lines are sore and have an application on the chest and another on the back, when the chest blades, will often prevent pneumonia. There is nothing so good for a lame back or pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. Fifty cent bottles for sale by Hopper & Reynolds.

WALLACE BROTHERS had a pumpkin cutting at their store last night. For two weeks past a pumpkin has been on exhibition at the store, and the one possessing the most seeds in the pumpkin got a box of cigars. Secure J. L. Grant possessed the most seeds in the first one. The exact number was 357. They will give away another box on November 20th, so great was the interest manifested.
